

Binbin LU 鲁彬彬

PhD Student

E-mail : binbin.lu@connect.um.edu.mo

Education

- PhD of Computing Science
Macau University, Macau 2022.08 – 2026.08
- Master of Control Science and Engineering
Shandong University, Shandong 2019.09 – 2022.06
- Bachelor of Logistics Engineering
Shandong University, Shandong 2015.09 – 2019.06

Publications

- Lu B, Zhang H, Xue T, et al. Deep Reinforcement Learning-Based Power Allocation for Ultra Reliable Low Latency Communications in Vehicular Networks[C]//2021 IEEE/CIC International Conference on Communications in China (ICCC). IEEE, 2021: 1149-1154.
- Guo S, Lu B, Wen M, et al. Customized 5G and Beyond Private Networks with Integrated URLLC, eMBB, mMTC, and Positioning for Industrial Verticals[J]. IEEE Communications Standards Magazine, 2022, 6(1): 52-57.

Research Interests

- Intelligent Sensing and Network Communication

Projects

- Research on Vehicle Behavior Analysis Based Technologies for Intelligent Vehicular Networks

Selected Awards & Honors

- National Inspirational Scholars
- Excellent Student of Shandong University
- Excellent Graduates of Shandong University

Academic Services

-
