

Yingchu Li 李英楚

Research Assistant

E-mail : yingchuli@umac.mo

Education

- Bachelor of Hydraulic Engineering
Wuhan University, China 2016.09 – 2020.06
- PhD Candidate of Civil Engineering
Tsinghua University, China 2020.09 –

Publications

- None

Research Interests

- Numerical simulation of fluid-solid interaction in porous media based on SPH-FEM coupling method and computational contact mechanics

Projects

- Prediction theory and method for damage process of high rockfill dam
- FEM analysis of micro mechanical behavior of soil particle
- Calculation analysis of offshore wind power composite pile foundation

Selected Awards & Honors

- 2017-2019 National Scholarship (3 times)
- 2021 Tsinghua University Second-class Scholarship

Academic Services

- None
