Zhibin Li 栗志斌

PhD Student

E-mail：yc37419@umac.mo

Education

- Master of civil engineering

  China University of Geosciences (Wuhan), Hubei   2020.09 – 2023.06
- Bachelor of civil engineering

  China University of Geosciences (Wuhan), Hubei   2016.09 – 2020.06

Publications

- Li, Z., Gong, W., Zhang, L., and Wang, L. (2022). "Multi-objective probabilistic back analysis for selecting the optimal updating strategy based on multi-source observations." Computers and Geotechnics, 151, 104959.
- Li, Z., Gong, W., Li, T., Juang, C. H., Chen, J., and Wang, L. (2021). "Probabilistic back analysis for improved reliability of geotechnical predictions considering parameters uncertainty, model bias, and observation error." Tunnelling and Underground Space Technology, 115, 104051.

Research Interests

- Probabilistic Back Analysis; Multi-Source Data Fusion; Shield Tunnel Engineering

Projects

-

Selected Awards & Honors

-

Academic Services

-
